Short Bio

I'm a **Web Developer** with around **2 years** of hands-on experience, mostly self-taught through building real-world projects. I've worked with tools and technologies like JavaScript, TypeScript, React.js, Tailwind CSS, Next.js, Node.js, Solidity, Web3.js, and PostgreSQL. I enjoy picking up new skills and love working on projects that are innovative, especially in the web and blockchain space.

Education
